SMK RELIEF DRIVE

The SMK Relief Drive is an annual project that helps to provide one year of food to Christ’s Children Home Orphanage and also provide relief to Liberians who are critically in need.

- SMK Ministries & Partners can easily adopt this initiative and make it part of an effort lead within their church and businesses, to collect relief supplies as part of a collective effort towards the SMK Relief Project.
- Supporters will have the chance to travel with the SMK Team to Liberia to experience firsthand, the impact generated from the drive. The trip will give participants an understanding of the Save More Kids mission and vision in Liberia.
